Gerry M. Dorrestein

It's all in the state of mind

If you think you are beaten, you are
If you think you dare not, you don't
If you like to win, but you think you can't
It's almost sure you won't
If you think you'll lose, you have lost.
For out in the world you find success begins
with a fellow's will -
It's all in the state of mind.
Anon
